

Self Healing Rubber Target

Premium Shooting Experience

Experience superb shooting precision with our resilient recycled rubber targets—fun, affordable, and built to last. Our self-healing rubber targets offer universality and cost-effectiveness, ensuring a lasting and enjoyable shooting experience.

Universal Size 30"x18"

Our full size targets are 18" wide making them the perfect size for any standard target stand!

All Weather Target

TAP rubber targets are wind and rain resistant.

Self Healing - Built to Last

Material self heals after bullet passes through. Caliber 22LR to 7.62 FMJ, lasting hundreds of rounds.

High Visibility Hits

The bullet leaves a striking black mark on the target, making it highly visible even from long distances.

Apply a coat of spray paint for fresh targetLess down time - More shooting time

Instant Feedback

Impact of bullet gives instant feedback from short to long range shooting.

Close Range Training

Rubber target eliminates the risk of ricochet. Bullets pass through the rubber target.
